

SIN Squad (Staying Alive) Song

Sing to the tune of: <https://www.youtube.com/watch?v=WLC6Z5d-nhw>

Now who got in trouble for the tenth time
Who can dig their way into big trouble
and cause a rampage

Colonel Hav on point with the Rho Squad
sent by Silv
They'll be rolling like mad Ints

So put your hands in the air
Cuz there's a dogfight over here
so grab yourself a beer

And we can get the Sinners on
I'm with it
So let me put my big round blaster down

I'm coming with the Sin Squad
I can shoot you
Or fire a missile

Something for the rebels in the battle
Lend me your fighter, so I can shoot them all down
with Colonel Zekk Terrik

Cuz when I grab my stick
No one leaves the room
So tell me can you feel the

Mad skills
Coming with the
Sinners, Sinners, Sinners

Ah ahahah
Sin Squad Sin Squad
Ah ahahah
Sin Squad Sin Squad
Ahah ahahah
Sin Squad Sin Squad
Ah ahahah
Sin Squad.....

Getting shot by the Sinners

Is an honour

Step to the side
You'd better run and hide
Move to the side
if you want to stay alive

Every Rebel is coming out
We had to shoot them back
so you can survive this round

Sin Squad are the only ones
We got it goin' on
so let me get my blasters on

It's a blast, hit you hard
And you heard of me and the sinners
comin' down with our TIE Sin

And it's gotta be the way
Mandalorian wants to make a move so just shoot him

And we can have a dogfight
So get your helmet on
I'm goin' to take the Sin for a spin

Flip it how I want it flipped
Shoot you from back and front
When I drop my speed and turn

Cuz I got the moves
And I'm always done my way
with the crazy crazy Rando

So tell me can you feel the
Mad Skills
Comin' with the Sinners, Sinners, Sinners

Ah ahahah
Sin Squad Sin Squad
Ah ahahah
Sin Squad Sin Squad
Ahah ahahah
Sin Squad Sin Squad
Ah ahahah
Sin Squad.....

Getting shot by the Sinners
Is an honour

Step to the side
You'd better run and hide
Move to the side
if you want to stay alive

Step to the side
You'd better run and hide
Move to the side
if you want to stay alive

Everybody in the Hammer
come on and let me hear you say
Oh-No! Oh-No!

Everybody in the Hammer
come on and let me hear you say
Oh-No! Oh-No!

Everybody in the Hammer
come on and let me hear you say
Oh-No! Oh-No!

Everybody in the Hammer
come on and let me hear you say
Oh-NoNoNo! Oh-NoNoNo!

It's about time, every rebel in the cruiser
Bust a move to my viscious laser blasts
Earnim and Exarkit, Firebreaker
Bringin' havoc as we drop the wickedness

Getting shot by the Sinners
Is an honour, broken down like Beta Squad
A blaster shot, that rips you
Cuz we gotta get on with the
Sinners, Sinners, Sinners,

Ah ahahah
Sin Squad Sin Squad
Ah ahahah
Sin Squad Sin Squad
Ahah ahahah

Sin Squad Sin Squad
Ah ahahah
Sin Squad.....

Getting shot by the Sinners
Is an honour
