

## Shields (Steam) Song

Sing to the tune of: <https://www.youtube.com/watch?v=gRRfqPPTzBg>

Shoot Back!

Shoot Back!

What are those droids doing sniffing at Zekk's ship  
They're onto something, picking up,  
Picking up these shields!, these shields!

Give me shields!  
And I will fly into those fighters  
Fighters, like you've never seen  
Staying alive, with my laser beams

You know your Mando from your Bossk  
You know your Turtle from your Mark  
When I lose sight of the mark  
I know you got my back  
as I know you

You fire your blaster due to hate  
You punch a Sinner in a rage  
Whenever the bar's doors are shut  
You kick them open but  
I know you

Give me shields!  
And I will fly into those fighters  
Fighters, like you've never seen  
Staying alive, with my laser beams

Shoot Back!

Shoot Back!

Can't you see I've lost control  
I'm getting gungho  
You're moving in so close 'til I'm shooting at  
Shooting at, your ship, your ship

Give me shields!  
And I will fly into those fighters  
Fighters, like you've never seen  
Staying alive, with my laser beams

You know your Woody from your Demps  
You shoot the rebels till they're dead  
So much better than the rest  
You think you've been blessed  
Random-Fighter

You know your blaster from your rocket  
You know the throttle from the brake  
You know your straight fly from a curve  
You've flown against the best  
as I know you

Give me shields!  
And I will fly into those fighters  
Fighters, like you've never seen  
Staying alive, with my laser beams

Everybody nosedive  
Hold your breath, count to five  
Pickled, Yoda,  
Covered up in bubblewrap  
Flying straight, evade!  
Find a way to stay away  
He's going to blow, he's not going to break  
This is more than you can take

Oh yeah, I need shields  
Feel the shields all around me  
As I'm charging up my beams  
When I start to shoot around  
At the fighters and the ships  
Won't you step into this fight with shields  
Shoot your beams!

Give me shields!  
And I will fly into those fighters  
Fighters, like you've never seen  
Staying alive, with my laser beams

Help me yeah  
Ready to shoot at that rebel scum  
Steer clear from Genie and Yoda  
Lasers fired, they're f..f..firing  
firing firing firing firing  
like it's coming to a boil  
Give me shields, droid!

Give me shields around me now  
I'm still alive, I'm still alive  
Just give me some shields!
